Aims and Objectives

This dental practice consists of dedicated and professional employees. We strive to be acknowledged by our clients, suppliers and regulators as a leader in our sector. This will be achieved by ensuring that we recruit and train highly professional staff whose ambitions are to exceed client expectations.

Our Aims

We aim to provide dental care and treatment of consistently good quality for all patients and only to provide services that meet patients' needs and wishes. We aim to make care and treatment as comfortable and convenient as possible.

In addition, we aim:

- To understand and exceed the expectations of our clients
- To both motivate and invest in our team and acknowledge their value
- To encourage all team members to participate in achieving our aims and objectives
- To clearly set and monitor targets in all areas
- To invest in property, equipment and technology and to innovate processes based on a measured business case

Our Objectives

The objectives of the practice are to deliver a service of high standard in line with professional standards:

- To be accountable for individual and team performance
- To support each other in achieving patient expectations
- To maintain the highest professional and ethical standards
- To rapidly respond to the needs of our team and our patients
- To encourage innovation, ambition, enterprise and continuous improvement
- To ensure staff are trained and competent through investment and personal development

This is achieved by offering patients a personal service, integrating the highest quality products with the latest proven techniques and protocols.

Patients are treated with honesty and integrity, in complete confidence and the utmost discretion, in comfortable surroundings, at a reasonable cost.

The practice complies with the requirements of the Advertising Standards Authority and the guidance of the General Dental Council and ensures that any advertisements reflect the true nature of services offered.

Facilities within the Premises

- Our large patient waiting area provides a comfortable waiting space
- We have a dedicated children's corner where children can learn tips on tooth brushing and collect toothbrushing charts and puzzles. First floor waiting room has plenty of children's books.
- We have plans to build a purpose-built decontamination facility to assure Best Practice standards of infection control
- There are wide doorways and a downstairs surgery to provide easy access for wheelchair users or people with prams or pushchairs
- New Reception layout has been modified to accommodate wheelchair users and shorter patients

- There is a hearing induction loop at reception
- We use a dedicated Orthopantomograph machine
- We employ digital imaging for instant radiography at the lowest and safest dosage: equipment is registered with the Health and Safety Executive

Making an Appointment

- All patients are seen on an appointment basis
- Opening Hours: Mon – Thurs 0900 – 1300, 1400 – 1700
Fri 0900 - 1330

Cancellations Policy

At least 24 hours' notice is required of a cancellation otherwise a charge may be made (where permitted), which will be based on the circumstances of the patient and at the practice's discretion. If a patient cancels without 24 hours' notice more than twice, they may not be eligible for NHS treatment at the Practice

Smoking Policy

In order to provide a safe healthy and smoke-free environment for staff and patients, the establishment is a no smoking area.

Methods of Payment/Credit

All major credit/debit cards are accepted. For more complex treatment plans, payment plan discussions can be held with the Practice Manager.

Mobile Phones

Patients are requested not to use mobile phones within the building.

Car Parking

There are no parking facilities at the practice. Parking is on street only.

Patient Centred Care

We care about providing the right treatment for patients, so treatments and procedures are only carried out after fully discussing the pros and cons with the patient.

Consultations

- All consultations are carried out in person with patients, by qualified personnel in the privacy of the treatment room.
- Records of all consultation and treatments are kept in patients' notes
- At the initial consultation, a medical history will be taken and an outline of the problem the patient presents with. They will be given information on any planned procedure and all alternatives will be discussed, and consent obtained prior to commencement

Patient Records

The details of patients are taken at the initial consultation, which also form part of the patient records.

Information provided to the Patients

This practice ensures that information provided to patients and prospective patients and their families/carers is accurate and that any claims made in respect of services are justified. This is in the form of a Patient Information Leaflet.

Treatment of Children

We do provide treatment for children. We will expect minors to be accompanied to the practice by their parents/guardians.

Consent

- Patients have the right to make their own decisions regarding medical treatment and care. Prior to the commencement of treatment, patients will be required to sign a form of consent
- Consent to treatment must always be given freely and voluntarily by a person capable of making decisions regarding the treatment. Those with a learning disability must be accompanied by a parent or guardian who will sign the consent form on their behalf.

Patient Surveys

- The practice will obtain the views of its patients in a formal survey at least once a year, and use these to inform the provision of treatment and care of prospective patients
- The Patient Information Leaflet outlining what patients can expect is always readily available to patients and copies are available in the waiting room and reception
- It is the policy of this practice also to carry out annual random patient surveys to seek the views of our patients as to the quality of the treatment and care provided by our personnel
- This also enables the practice to ensure compliance with its quality monitoring policy in line with its standards.
- Patients views will be collated into a report by entering the results into a spreadsheet and totals and percentages will be calculated as to the overall performance. Explanation of the totals may also be represented by visual aids such as graphs and charts. The results of the survey will also be made available to staff by way of discussion at a staff meeting. Guidance as to where and how to access the report will be noted in the minutes of these staff meetings

Privacy and Dignity of Patients

The privacy and dignity of patients are respected at all times. This practice has a policy of patient confidentiality and all information and records are kept safe and confidential. There are facilities for patients to have private conversations with the clinical and reception staff.

Checklist for Consultation

- We will explain the procedure to the patient and give them an opportunity to ask questions. We will explain what we are doing at each stage of the procedure
- If a chaperone has been present, we will record the identity of the chaperone in the notes and any other relevant issues or concerns immediately following the consultation

Complaints Procedure

- This practice operates a complaints procedure as part of its dealing with patients' complaints which complies with the Health Inspectorate Wales' requirements
- Patients are asked that in the event of any complaint, to speak directly or write to Mrs Gemma Warren. Patients who require further advice regarding the complaints process should direct their enquiry to Mr Owain Joynson who, when applicable, will recommend the services of an independent advocate. A copy of the complaints process is held in the waiting room

What we shall do

Our complaints procedure is designed to make sure that we settle any complaints as quickly as possible. We shall acknowledge complaints within two working days and aim to have looked into the complaint within 10 working days of the date when it was raised. We shall then be in a position to offer an

explanation or a meeting as appropriate. If there are any delays in the process we will keep the complainant informed.

When we look into a complaint, we shall aim to:

- Find out what happened and what, if anything, went wrong
- Make it possible for the complainant to discuss the problem with those concerned
- Identify what we can do to make sure the problem does not happen again
- At the end of the investigation the complaint will be discussed with the complainant in detail, either in person or in writing

Complaining on behalf of someone else

The rules of medical confidentiality will be adhered to if the complaint is received on behalf of someone else. A note signed by the person concerned will be required, unless they are incapable (e.g. because of illness) of providing this to allow the complaint to be investigated. If the complaint is not resolved to the patient's satisfaction, the patient will be advised to write (as appropriate) to:
